

"Support our AAC Team Going to the IFCS World Championship Every Two Years"

Dear Agility Friend,

Are you looking for courses or tough sequences to practice? Are you organizing fun matches and spending hours trying to find the perfect courses? Are you in charge of a training group and want to make sure your training buddies get the most out of your sessions by honing their skills on "real" sequences and courses? Are you an instructor looking for new ideas for your next class?

If that's the case, you'll be happy to hear that a brand new ebook has been created as a fundraising activity for our AAC Team going to the World Championship. More than 25 judges have generously donated official AAC courses to allow us to create this ebook.

The ebook contains more than 500 official AAC courses in all classes and levels (Starters, Advanced and Masters: Standard, Jumpers, Snooker, Gamblers and Steeplechase).
